

Senacre Wood Primary School

At Senacre Wood Primary, we believe that homework consolidates and extends the work undertaken in the classroom, promotes the development of good learning behaviour and develops the skills for children to become independent learners.

Parents/carers are asked to BE REFLECTIVE:

- Be involved in the homework of your child- assist the school in explaining to children that homework is valued and aids learning.
- Make the experience pleasurable through discussion, reflection, encouragement and praise.
- Contact the class teacher if you are not sure of some aspect of the homework or if your child is experiencing difficulty completing it.

Children are expected to SHOW RESILIENCE:

- Complete all homework and hand it in on time.
- Listen carefully in class to make sure so that the task is understood.
- Complete homework using appropriate writing materials- pencil or blue handwriting pen- not biro, felt tip or crayon.
- Develop a 'have a go' attitude when faced with homework activities.

Year Group	Develop a love of reading (CURIOSITY)	Examples of Weekly Class Homework Tasks (COLLABORATION)	Ongoing Independent Tasks (INNOVATION)	Timestable Expectation for Year Group (INDEPENDENCE)
